The 61st IEEE conference on Decision and Control will be held Tuesday through Friday, December 6-9, 2022, at the Marriott and JW Marriott Cancun Resort, Cancun, Mexico. The conference will be preceded by workshops on Monday, December 5, 2022.

The CDC is recognized as the premier scientific and engineering conference dedicated to the advancement of the theory and practice of systems and control. The CDC annually brings together an international community of researchers and practitioners in the fields of automatic control and systems theory to discuss new research results, perspectives on future developments, and innovative applications relevant to decision making, systems and control, and related areas.

The 61st CDC will feature contributed and invited papers, as well as workshops and tutorial sessions. It is hosted by the IEEE Control Systems Society (CSS) in cooperation with the Society for Industrial and Applied Mathematics (SIAM), the Japanese Society for Instrument and Control Engineers (SICE), and the European Control Association (EUCA).
